The technical sanction to the estimate, referred to above, for Rs.21,700/- was accorded by the Superintending Engineer, Highways, Coimbatore in his letter Roc.No.D3/263-49 dated 9-8-1950. In this particular case, the amount of the sanctioned estimate was Rs.21,700/- and grants exceeding upto 10% of the estimate amount that can be allowed to the District Board is Rs.21,700 plus 2,1 23,870/- The total grants claimed for the work amounts to Rs.24,452/- which is slightly in excess of 10% limit, permitted by clause iii of para 2 of G.O.No.1794 L.A., dated 10-6-1942. This amount also includes the centage charges of Rs.30/- paid for the scrutiny of the estimate.

Sir, S

Sub:- Grants--South Kanara District Board--Reconstructing the Sampaje bridge at M.64/4 of Mangalore Mercara Trunk road Balance of grant--canction requested.

(N) Ref:- Government Memo.No. 15445.51.2F (L.A) dated 26-5-51

I forward herewith the letter No. D.Dic. 2759/51 dated 5-5-52,No.A2.11890/52 dated 16-9-52 No.A2. 23530/52 dated 21-10-52 from the President District Board South Kanara and report as follo

The amount of estimate canctioned by Superintending Engine Highways is Rs 21,700/- The grant asked for by District Board i in excess of this amount, but the President District Board has sta that in G.O.No. 1794.L.A., dated 10-6-42 deviations likely to caus increase in the total amount of the estimate by more than 10% have been permitted to be incurred and to be reported to Government for a supplemental grant. He also says that in this case the total grant claimed is only slightly in excess of the 10% limit.

The Superintending Engineer Highways reports that the total value of works done viz Rs 24,542/- as furnished by the President District Board does not agree with that reported by the Divisional Engineer Highways and that the Divisional Engineer Highways was asked to reconcile the variation. He also reports that the final estimate for Rs 21,000/- was canctioned after completion of the work adopting rates and quantities allowed in the final bill and as such the balance grant applied for cannot be recommended for canction in the absence of details of works covered by this estima I agree with the Superintending Engineer Highways.
